Hello, Parents!

May good luck be with you wherever you go, and your blessings outnumber the shamrocks that grow.

This month, we will be working on number 7, the color green, spring season, the shamrock shape, letters M, N and long/short opposites. Our main themes are Birds of a Feather, What Grows in a Garden, and Dr. Seuss. Our Bible concept is "God Helps Us be Friends with Others."

Thanks to all the parents who have donated items to our classroom and helped us make our Valentine's Party a success. There are many exciting things happening this month (Picture Day, Lutheran School's Week, and Easter Parties). The children will sing on Sunday, March 11th at 10:45 a.m. We hope you can join us.

We sent home Sunshine Reports which were in a white envelope with your child's name. The assessment

was a check list describing the skills your child can master. The skills that children did not master are going to be practiced through daily activities. We would appreciate if your child could practice at home too.

God Bless,
Ms. Griselda &

Hello, Parents and Guardians!

February flew away fast! The children had a wonderful time learning about Valentine's Day and making special presents for all of you! They learned that they have to be kind, caring, respectful, and most importantly that God is Love. Thank you to all the parents for contributing to the Valentine's Party.

For the month of March, our themes will be What Grows in the Garden, Birds of a Feather, St. Patrick's Day, and Dr. Seuss. We have fun and exciting themes through circle time as well as

hands on activities with projects. The children will continue with practicing on their tracing, gluing, and cutting. Parents, please remember that practicing at home is always a plus and practice makes perfect. The alphabet letters that will be our main focus this month are S and T. The shape that we will be focusing on will be the shamrock. We will continue reviewing our opposites which for this month are long and short. Number 10 is the number we will be working on this month

On the wish list this month, we are in need of Lysol wipes to try to stay

germ free! We appreciate all of the donations we receive and thank you!

Hello, Parents!

I want to start off with saying Thank You to all the parents that signed up for our Valentine's Party. It was so much fun and the children enjoyed it. Thank you all for participating in the Valentine's Card exchange. It made every child happy. Also, thank you for all the goodies that

you were so generous in giving me. It is much appreciated.

In the month of February, we worked on the letters M, P, V, the numbers 15 & 16, colors pink, red, and purple, along with the heart shape. This month, we are doing the letters W, K, Q, X, numbers 17 & 18, colors green and gold, and the

rectangle shape.

Our Bible concept is "God Helps Us be Friends with Others." All of this will be incorporated through our daily activities. We will start our month by celebrating Dr. Seuss' birthday on the 2nd, followed by our Easter Party on the 29th. Please join us on the 11th for Lutheran Educa-

tion Sunday, where our Preschool will be singing at 10:45 a.m. We are still in need of detergent off our donations list.

Thank you.

Hello, Parents!

Spring is in the air! We're finally in the month of March and this month brings all new themes and letters. The Pre-K will be going over the letters W, K, Q, X and with that all new words that begin with these letters. Also, in honor of Dr. Seuss's Birthday, the Pre-K will end our Dr. Seuss theme with a movie day provided by Ms. Andrea, Ms. Natalie, and myself. Let's not forget about St. Patrick's Day. The Pre-K will read a book called

The Story of St. Patrick's Day by Patricia A. Pingry and become aware of the true meaning behind the shamrock along with the saint behind this holiday. Which brings me to our Easter Party at the end of the month. I will be putting up the sign-up-sheet for that party the week of the 19th. Remember to please check your child's cubbies at pick-up time and make sure they have a change of clothes. Also, please make sure to take all papers and handouts.

Thank you,

Ms. Andrea's Class

Hello, Everyone!

February seems to have flown by! We had a busy, fun filled month. Lots of fun and laughter was had at our "Cloudy with a Chance of Meatballs" party. The children had choices of pancakes, sliders, spaghetti (plain and with sauce), cheese sticks, mashed potatoes, orange juice and milk. The foods mentioned are the foods mentioned in the book. Thank you to all my families that donated food for this party! The children also took pictures and you will receive one on graduation night. For this project, I need a foam board (white) for your child. Dollar

Tree and the 99 cent store sell them for \$1.00. I will print all the pictures taken throughout the year. Please bring in a foam board ASAP so I can start this project.

Our Valentine's day party was based on the book "Peanut Butter and Cupcake" a book on friendship. The children ate peanut butter sandwiches shaped like hearts, orange juice, milk, and cupcakes. The children had fun connecting the food to the story and passing out their Valentines. Most of the children were able to recognize their friends names written on the envelope! Yay!

Some friendly reminders:

Pre-K classes rotate on Monday, Tuesday, Thursday, and Friday. Classes start at 9:00 a.m. and end at 10:00 a.m. or 11:00 a.m.

Remove flyers and classwork daily. Ask your child about his/her classwork to improve their oral language skills.

Discuss with your child who they sat next to at lunch, what number did they count to in math class, what they made in art class, what color paper did the use, what story book did they listen to, who were the characters in the story, and how many were there.

Read to your child eve-

ryday!

Ms. Natalie's Class

Hello, Parents!

I can't believe it's already March! This month we will be reviewing numbers 1-16 and also talking about the numbers 17 & 18. I have some friends who still need help writing their names and numbers. So I encourage you to please practice at home with your child. This month, the colors we will be incorporating in our projects and play are green and yellow. The four themes we will be discussing are Dr. Seuss, What Grows in the Garden, Birds of a Feather, and St. Patrick's Day. Our Bible concept is "God Helps Us Be Friends With Others."

Thank you for all of the donations received in class. I truly appreciate it. And, also thank you to the parents who donated to our Valentine's Day

Party! My class was really excited to share the love! Although I was not there to enjoy it, my class told me all the wonderful things about it!

As the weather changes, please make sure your child has 2 sets of weather appropriate clothing, plus 2 underwear and socks. Accidents happen all the time, and I would like it if your child was comfortable in their own clothes.

Once again, thank you for all the donations received and for all the help we as a class have received. It's finally spring, I can't wait to see how much your child blooms this month!

Thank you,
Ms. Natalie
